Cosmo Cirillo, Commissioner
Department of Public Affairs
428 60th Street
West New York, NJ 07093

Dear Commissioner Cirillo:

On Sunday December 9, 2018, I had the pleasure to meet with the community action group, Concerned Citizens, comprised of local residents along the Palisades and other West New York constituents regarding the proposed high rise development at the Skyline Exxon location.

Overwhelmingly, they voiced their dissatisfaction with the proposal and stated that they needed time to review the studies and expert report submitted by the developer in support of their application. I believe that it is imperative that the residents be afforded ample opportunity to review these reports in anticipation of the meeting where this matter will be heard.

This is a grave concern as the process should be transparent and public, where all concerned parties have adequate opportunity to voice their concerns. Accordingly, it is strongly recommended that you, as Secretary Natalia Novas' (who sets the agenda for meetings) commissioner, direct her to reschedule this hearing to a later date so that all parties are afforded ample opportunity to prepare. As soon as you are in receipt of the expert reports, kindly share them with me so that I may keep fully abreast of this matter.

Best,

FELIX E. ROQUE, M.D.
Mayor
